WORK EXPERIENCE

INTERMEDIATE SOFTWARE ENGINEER

Parkside Informationstechnologie GmbH, Austria | Dec. 2020 – Now
- Contributing to the development of Invest Sou Sou's MVP App (https://investsousou.com/). In this project, working with both mobile and backend technologies. In the iOS App, using SwiftUI and Apollo Client, and for the backend, implementing a GraphQL API with the NestJS framework and a Postgres database.

JUNIOR SOFTWARE ENGINEER

Parkside Informationstechnologie GmbH, Austria | Feb. 2019 – Nov. 2020
- As a first experience working abroad, switched focus to web front-end development and contributed to the successful launch of the Rolling Pin platform using React and Redux (https://www.rollingpin.at/).
- In the second project within Parkside, worked again as an iOS Engineer and contributed to the development and handover of the MHAG – Consilium Care project.

Ilhasoft Tecnologia da Informação Ltda., Brazil | Nov. 2017 – Mar. 2018
- Contributed to the development of the SOLOSHOT's social network iOS app (https://soloshot.com/). This was my first experience working in a multicultural team since half of the development team was US-based and the other half, Brazil-based.

SOFTWARE ENGINEER INTERN

Ilhasoft Tecnologia da Informação Ltda., Brazil | Apr. 2017 – Oct. 2017
- Strengthened knowledge on iOS development while actively contributing to Unicef's open source project called UReport (https://ureport.in).
